

## Hose Reel Trailer

### Description

US Fire Pump Offers a long list of items to make dealing with heavy large diameter hose a lot easier! The heavy lay flat hose can be very stressing on firefighters backs not only in deployment, but also in picking up and in storage! Our Hose Reel Trailer is one more great option in our fleet of equipment. Easily store and transport up to 12" large diameter hose on this rugged and reliable trailer unit.

### Features

- Carry up to 2,000' of 12" LDH
- Reel is hydraulically driven by gasoline motor on board
- Intuitive controls make for easy unspooling/respooling
- Safety guards protects operators and controls from rotating hoses
- Optional storage for smaller hoses like 2.5", 5", 6", etc.
- Toolbox on tongue
- Bumper pull with pintle hitch or 2 5/16 ball
- Gooseneck options available
- DOT and FMVSS compliant

### Safety

Save the back of your hard-working personnel! Use of this equipment provides safety to those who usually lift the large diameter hose by hand.

Disclaimer: Hose load is determined by make/ type of hose being stored onto reels. Capacity shown is with hose available though US Fire Pump.
