

## Hose Reels

### Description

US Fire Pump offers a long list of items to make dealing with heavy large diameter hose a lot easier! The heavy lay flat hose can be very stressing on firefighters backs not only in deployment, but also in picking up and in storage! Our Hose Reels are one more great option in our fleet of equipment. Easily store and transport up to 12” large diameter hose on these rugged and reliable Reels.

### Features

- Carry up to 600’ of 12” large diameter hose
- Reel weighs approximately 500 lbs. empty
- Reel loaded with 600’ of 12” LDH: 2,840lbs  
(depending on number of couplings on hose)
- Carries 2,000’ of 6” Hose
- Easily store hose on these reels to save room at your facility
- Hypalon covers available for long term storage
- 84” Long x 28” Wide x 97” Tall

### Application

- Oil refineries and chemical plants
- Airports and aviation facilities
- Hazardous material response teams
- Power generation stations
- Industrial warehouses

### Safety

These units must be used with our Hydraulic Hose Reel Head Unit. The use of this system will save the backs of your fireman and make dealing with large diameter hoses a Breeze!

*NOTE: US FIRE PUMP does not recommend storing Hose In direct sunlight, we recommend cleaning your hoses before long term storage and allowing them to dry before spooling up hoses*
